United Black World Month

United Black World Month, also known as Black History Month, is a month-long celebration of the Black diasporic experience. This year's United Black World Month theme is centered around Love: Building Our Community Through Intention and Action. The theme is connected to bell hooks' masterpiece, "All About Love," in which she states that love is "an act of will, both an intention and an action."

The Student Life Multicultural Center hosts programs and events to demonstrate a strong tradition of honoring historical contexts, exploring

culturally significant events and raising visibility of communities who have historically been minoritized. For a full list of events during United Black World Month, click the link below.
